

Sponsor IES Ottawa

Support the Ottawa-Gatineau Lighting Community

The IES Ottawa is a non-profit, volunteer-driven organization dedicated to all aspects of the art and science of lighting.

Throughout the year, the IES Ottawa hosts various educational, networking, and social events, including Luncheons, Technical Seminars, Awards Ceremonies, and the Annual Golf Tournament.

Your sponsorship not only positions your brand as a leader within the industry, but also allows us to organize and fund programs that bring together experienced professionals and members of the Ottawa-Gatineau lighting community.

Thank you for supporting the IES Ottawa Section.

2026-2027 Sponsorship

Become an IES Ottawa Section Annual Sponsor - \$1000

Beginning this year, we will offer just one tier for everyone. Your **\$1000** contribution helps cover some of the costs in organizing the activities and events we offer during the course of the year.

In return for your support, we plan to do even more to make sure that the Ottawa area lighting community knows how much your generosity means to our group of dedicated volunteers.

As an annual sponsor you can expect:

- Your company logo on our sponsor banner at events
- Thank you slide at presentations and courses
- Web sponsor graphic on multiple pages at iesottawa.ca which links to a new "Sponsors Page". Your firm will be listed on this page with a link to your website Home page.
- Sponsor graphic included on mailings to our list
- Advanced notice for event-specific sponsorship opportunities

Additional Sponsorship Opportunities

No Points Included: In past years, some sponsorship tiers included “spendable” points that could be allocated to certain special events such as our Gala and Golf Tournament.

In our new, single tier format, there are no points for you to keep track of. Instead, our annual sponsors will receive advanced notice to purchase event-specific sponsorship opportunities before making these available to others who may be interested.

Gifts of time also welcomed: Every event, program meeting, and course are organized by a group of remarkable, dedicated volunteers. Without this talented group, it would not be possible to continue the work of the IES which first began in 1944 after the Society issued a charter recognizing the Ottawa Chapter in October of that year.

If you are an owner, partner, or manager at your business, please consider encouraging and supporting one of your staff members to volunteer a little time to share any skills they can.

With your help, we look forward to celebrating a centennial together eighteen years from now!

Some things to know

To ensure that sponsors receive full recognition for their support, some events have limited sponsorship opportunities. Golf hole sponsorships, both event and non-event holes may be limited to one per sponsor company. Requests for a second hole will be placed on a waiting list and will be assigned based on availability. Holes are limited and we want to ensure spots for as many sponsors as possible.

Similar restrictions may be put in place for other events. We will reach out to our sponsors in advance of the rest of our members and others to give you an early opportunity to be seen at the events you select.

We remain grateful for the ongoing support of our sponsors, who allow us to support the mission and vision of the Illuminating Engineering Society: to create the premier lighting community dedicated to promoting the art and science of quality lighting by bringing together those with lighting knowledge, and translating that knowledge into actions that improve the lighted environment to the benefit of the public, its members, allied professional organizations.

Without the generosity of our sponsors, we would not be able to deliver on such a mission.

If you have questions about our sponsorship program, do not hesitate to contact us at info@iesottawa.ca
